Yuri Norstein is a distinguished Russian animator and director, the creator of memorable and award-winning films. In 1984 his film 'Tale of Tales' was named The Best Animated Film of All Time in an event organized by the American Academy of Motion Picture Arts and Sciences in Los Angeles with critics and filmmaker judges from all over the world. In 2002 this film was also named the best animated film of all time in a Zagreb International Animation Festival poll. In 2003, an international film jury in Tokyo declared 'Hedgehog in the Fog' to be the best animated film of all time.

Francesca Yarusova is an award-winning artist, the wife and collaborator of Yuri Norstein. The successes of their films are as much her accomplishments as they are Norstein's.
